Accelerated Programs

The College of Science and Technology has a variety of accelerated programs in partnership with professional and graduate programs.

1. Temple Professional School Programs (Temple University School of Medicine, Temple University School of Podiatry, Temple University School of Pharmacy) agree to cooperate in providing an accelerated 3 + 4 undergraduate/professional school education leading to a Bachelor of Arts degree in the College of Science and Technology and a Doctorate degree from the Professional School. Also, the College of Science and Technology and the Temple University College of Public Health agree to cooperate in providing an accelerated 3 + 3 undergraduate/graduate education leading to a Bachelor of Arts degree in the College of Science and Technology and a Doctorate of Physical Therapy in the College of Public Health. The joint programs will each consist of a minimum of 90 semester hours of undergraduate coursework toward completion of a Bachelor of Arts degree in the College of Science and Technology at Temple University and the regular curriculum in the professional program.

2. Many departments in the College of Science and Technology cooperate in providing an accelerated 4 + 1 undergraduate/graduate education leading to a Bachelor of Arts or Science degree in the College of Science and Technology as well as a Masters of Arts or Science degree from the Graduate School.

3. Temple's College of Education cooperates in providing a 4 + 1 undergraduate/graduate education leading to a Bachelor of Arts degree in the College of Science and Technology as well as a Masters of Education degree from the College of Education.
