Five-Year Master's Program

Five-Year B.S./M.S.

Computer Science majors at the beginning of their junior year may apply for admission to the fifth year M.S. Program in Computer Science. Upon admission to the program and satisfactory completion of the program requirements, the student is assured of having a master's degree at the end of the fifth year. Interested students should contact their advisor for details. For more information, see the following program pages: Computer Science B.S. (http://bulletin.temple.edu/archives/2014-2015/undergraduate/science-technology/computer-information-science/computer-science-bs) and Computer Science M.S. (http://bulletin.temple.edu/archives/2014-2015/graduate/scd/cst/computer-science-ms)
