Five-Year Master's Program

Five-Year B.S./M.S.

Computer Science majors at the beginning of their junior year may apply for admission to the fifth year M.S. Program in Information Science & Technology. Upon admission to the program and satisfactory completion of the program requirements, the student is assured of having a master's degree at the end of the fifth year. Interested students should contact their advisor for details. For more information, see the following program pages: Computer Science B.S. (http://bulletin.temple.edu/archives/2014-2015/undergraduate/science-technology/computer-information-science/computer-science-bs) and Information Science & Technology M.S. (http://bulletin.temple.edu/archives/2014-2015/graduate/scd/cst/information-science-technology-ms)
