Temple University Ambler, a respected innovator in research and education in social, economic, and environmental studies, delivers high-quality undergraduate, graduate, and non-credit courses and programs to meet the needs of the region and provide a rewarding life experience for students of all ages. Ambler Campus faculty members and administrators promote responsible citizenry through curricular and extracurricular activities and applied research that demonstrate and promote concepts central to the creation of strong, sustainable communities: student-centered learning, community engagement and respect for the environment.

The Ambler Campus is an ideal campus to pursue higher education, with a convenient location, courses in a variety of disciplines and a friendly atmosphere. Located in suburban Montgomery County, just 18 miles north of the Main Campus (and minutes from Route 309 and the Pennsylvania Turnpike), Ambler offers the benefits of a small college campus with the excitement and vast resources of a large university. Ambler attracts students who live or work in the greater Philadelphia area, including those from Philadelphia, Bucks, Lehigh, Montgomery and Northampton counties. The Blue Route (Route 476) also makes Temple University Ambler easily accessible to students from Chester and Delaware counties.

Students enjoy Ambler's beautiful grounds, student organizations and activities, and recreational facilities that include an exercise/weight room, outdoor pool, and tennis, basketball and volleyball courts.

Ambler's facilities include science laboratories, a library, top-quality computer labs, smart classrooms, Computer-Assisted Design (CAD) and Geographic Information Systems (GIS) labs/classrooms, a video conferencing room and 300-seat auditorium. Additionally, there is a writing-mathematics-science resource center.

The Ambler Campus offers undergraduate courses during the day, evening, weekends and online taught by the university's distinguished faculty. Students may begin many undergraduate programs at Ambler. Majors that can be completed entirely at Ambler include:

- Accounting (online classes required)
- Adult and Organizational Development
- Business Management
- Horticulture
- Landscape Architecture
- Legal Studies (online classes required)
- Liberal Studies
- Marketing (online classes required)
- Psychology

For a complete list of undergraduate majors, minors, and certification programs (for degree and non-degree students) that can be completed at the Ambler Campus, go to: http://ambler.temple.edu/academics/degree-programs/undergraduate.

Undergraduate courses also include offerings from Temple's General Education curriculum (GenEd (http://bulletin.temple.edu/undergraduate/general-education)) and basic science courses in Chemistry and Earth and Environmental Science. Students pursuing Pre-Professional Health Studies may take some initial courses at Ambler required for admission to a professional school. Pre-Law students may remain at Ambler for four years, pursuing degrees in Business or the Social Sciences.

The campus is home to the Department of Landscape Architecture and Horticulture (A.S. and B.S. in Horticulture programs; B.S. and M.L.Arch. in Landscape Architecture programs; plus undergraduate minors and certificates), and the Center for Sustainable Communities. These units are part of the Division of Architecture and Environmental Design in the Tyler School of Art (See the Tyler School of Art / Division of Architecture and Environmental Design (http://bulletin.temple.edu/undergraduate/tyler-art-div) section of this Bulletin for more details.)
The landscaped grounds, also known as the Ambler Arboretum of Temple University, feature formal gardens, a sustainable wetland garden, green roof garden, healing garden, herb garden, winter garden, conifer garden, wooded areas, a native plant propagation center, and much more.

For a change of pace and scenery, Ambler students may also take courses at Main Campus, Center City, or the Health Sciences Center.

For more information about Ambler programs, please call 267-468-8100 or visit the Temple University Ambler Campus (http://ambler.temple.edu) website.

**Academic Awards and Scholarships, Standards and Honor Societies at Ambler**

For additional details and application procedures, go to http://ambler.temple.edu/admissions/costs-aid-and-scholarships/scholarships-ambler-campus

- **Elizabeth Clarke Award for Conservation Education:** presented to a graduating senior intending to study, teach, or work in the discipline of conservation education; based on the student's positive attitude and financial need.

- **Criminal Justice Leadership Award:** given to an Ambler graduating senior in Criminal Justice who exhibits a passion for learning and outstanding academic achievement.

- **Gold Key Awards for Academic Excellence:** given to Ambler students in the sophomore, junior and senior classes who have taken the greatest number of credits at the Ambler Campus and have achieved the highest grade point average.

- **James W. Hilty Adult Student Award:** established in 2008 by campus administration, an award to a current degree-seeking graduate or undergraduate student 25 years of age or older (taking more than half of his/her classes at Ambler) who has demonstrated academic excellence. Applicants must provide a two-paragraph personal statement outlining financial need, personal background, educational path from high school through college, and educational goals.

- **Norman J. Kaner Memorial Award:** established by the Temple University History Department and supported by family, faculty, and former students in honor of Norman J. Kaner, a member of the History Department from 1968 to 1993. This award is given to an Ambler graduating senior in history with the highest grade point average who best exemplifies the values of critical thought, social curiosity, and intellectual vigor that characterized Professor Kaner's teaching and scholarship.

- **Kevin and Georgette Ruth Scholarship:** given to an undergraduate or graduate Ambler Campus of record student who demonstrates financial need. Preference is given to full time students working 40 hours a week outside of the university with additional preference given to those who also support a family.

- **Ambler Campus Summer Student Scholarship:** given to an undergraduate or graduate Ambler Campus of record student who demonstrates financial need and will be taking summer classes on the Ambler Campus.

- **Patricia A. Woods Memorial Fund Award:** established in 1993 by friends of Pat Woods, a longtime faculty member and academic advisor at Ambler. The monetary award is given to an undergraduate student who: plans for advanced undergraduate or post-graduate study in the health professions; achieves academic excellence at Temple (grade point average of 3.5 or higher) and demonstrates commitment through experience or service related to the health professions. Applicants must be students who are seniors or are completing the semester prior to admission to their program of interest. The students must have completed at least two classes at the Ambler campus prior to applying for the award. The name of the recipient is added to the plaque hanging in West Hall.

**Dean’s List:** Letters are received by students from the dean of the school or college in which they are enrolled in accordance with the academic criteria for scholastic distinction established by their college or school. See Dean’s List (http://bulletin.temple.edu/undergraduate/academic-policies/deans-list).

**Academic Standards:** Students may receive an academic warning, be placed on probation, or be dismissed from the university based on university standards. See Academic Standing (http://bulletin.temple.edu/undergraduate/academic-policies/academic-standing).

**ACADEMIC And student Services**

Ambler Campus is a full-service campus with an array of offices and services to assist students in achieving educational success. The services described below are tailored to the needs of Ambler Campus students. For further information about support services provided at Ambler, please visit the Ambler Campus (http://ambler.temple.edu) website and/or the corresponding sections in this Bulletin describing these services.

West Hall 109  
267-468-8200  
tuaadvis@temple.edu  
http://ambler.temple.edu/academics/advising-and-support

Dedicated professional and faculty advisors at the Ambler Campus help students choose a program of study that is suited to their educational and career goals. While the students are ultimately responsible for knowing their academic status and requirements for their degree programs, advisors assist with information about program requirements and university policies and procedures. For transfer students, advisors can answer questions about transfer credit evaluations and determine whether these credits meet Temple program requirements.

Aquaponics is the cultivation of plants and aquatic animals in a self-sustaining, symbiotic environment. Students in the Temple Ambler Aquaponics organization and staff members have created a fully-developed and fully-accredited aquaponics garden, which has taken root in the lower level of West Hall. The lab is an interactive space for students to learn in conjunction with credit and non-credit classes. The facility also serves as a teaching
Ambler Arboretum of Temple University
http://ambler.temple.edu/arboretum

The Temple University Ambler Campus has a long history and rich tradition of horticulture and landscape design. Established as the Pennsylvania School of Horticulture for Women in 1911, the 187-acre campus represents a unique mix of natural and designed landscapes. The gardens and campus serve as excellent outdoor teaching laboratories for numerous classes and as a source of inspiration for students, faculty, and visitors.

The Ambler Campus was officially designated an arboretum in March 2000. This historic public garden, now known as the Ambler Arboretum of Temple University, continues to develop as a living laboratory. As the home of Temple University's Department of Landscape Architecture and Horticulture, the Ambler Campus has a myriad of learning gardens, including a ground cover garden, native plant garden, formal gardens, green roof garden, rock wall, woodland garden, sustainable wetland garden, trial garden, the Viola Anders Herb Garden, the Philip A. and Barbara F. Albright Winter Garden, the Ernesta Ballard Healing Garden with labyrinth, the Colibraro Conifer Garden, and large perennial borders. The arboretum's three areas of focus are sustainability, the health benefits of gardens, and the history of women in horticulture, agriculture, and design.

Athletic Facilities

The Ambler Campus Intercollegiate Athletics Field House, located off of Woods Drive, includes "green roof" structures, developed by Temple University with the help of a $50,000 grant from PECO. A green roof is a living biological community of plants that provides an environmentally-sound alternative to a traditional roof system. The green roof garden allows for educational and research opportunities for students and faculty.

Auditorium

The 300-seat Learning Center Auditorium, with smart technology and performance space, provides opportunities to offer cultural, educational and entertaining events for our students and the surrounding community. In this venue, Ambler Campus, once home to the Temple University Music Festival and Institute, again can host music and dance performances as well as lectures.

Center for Sustainable Communities (CSC) at Temple University Ambler

Susan E. Spinella Sacks, M.S., Assistant Director
https://tyler.temple.edu/programs/center-sustainable-communities

The Center for Sustainable Communities develops and promotes new approaches for protecting and preserving quality of life through sustainable development, balancing the relationship between environmental integrity, economic prosperity, and social equity. It was designed to build on Temple University Ambler's strengths in horticulture, landscape architecture and planning and to draw upon the expertise of all Temple University faculty. A working resource for government agencies, community organizations and developers, the center provides objective information and services to improve decision-making relative to land use and water resources planning, in addition to conducting interdisciplinary research and offering educational and community outreach programs.

Criminal Justice Training Programs (CJTP)

Anthony J. Luongo, Director- CJTP; Executive Director-Temple University Law Enforcement Academy
215-204-7930
anthony.luongo@temple.edu
www.cia.temple.edu/cjtp/

Criminal Justice Training Programs, a division of the Department of Criminal Justice, is an interdisciplinary unit that has conducted professional training for a variety of criminal justice agencies and occupations since 1968. Each year, more than 3,000 criminal justice employees attend programs offered by CJTP, including police personnel, sheriffs and deputy sheriffs, constables, school security officers, park rangers and court staff. Other activities include the development of training curricula and the delivery of continuing education and non-credit classes including distance-learning. Most recently, CJTP has been involved in the development of "ProRanger Philadelphia," an academic and technical skills training and paid internship program that is cooperatively administered by the National Park Service and Temple University. The program was established to recruit, train, and employ law enforcement park rangers for the National Park Service. Upon graduation from Temple University and successfully completing the ProRanger program, which includes a federally-accredited law enforcement training component, participants are eligible for permanent career tenure law enforcement park ranger positions with the National Park Service. Current students in any major who are interested in federal law enforcement are encouraged to find out about the ProRanger Program (http://www.temple.edu/provost/university-college/proranger), and students completing their degree programs are eligible to attend the Temple Police Academy (http://www.cia.temple.edu/cjtp) in preparation for a career in law enforcement.

EarthFest

Susan E. Spinella Sacks, Co-Coordinator; Assistant Director, Center for Sustainable Communities
James Duffy, Co-Coordinator; Public Relations and Website Coordinator
EarthFest@temple.edu
http://ambler.temple.edu/about/earthfest

Hosted by Temple University Ambler and the Center for Sustainable Communities, EarthFest is an outdoor educational celebration of Earth Day held each year at Temple University Ambler. The mission of EarthFest is to promote environmental awareness using sustainable concepts, methods and practices to protect and preserve our environment. Organizations, businesses, colleges, high schools, middle schools, elementary schools and individuals demonstrate sustainable concepts and technologies. Thousands of students from all over the region come together and spend time learning about the world in which we live and the interconnected systems on which the lives of people and animals depend. This event is central to Ambler's values of student-centered learning, respect for the environment, and community engagement.

**Greenhouse**

Benjamin Snyder, Greenhouse Horticulturist  
267-468-8191  
http://ambler.temple.edu/arboretum/gardens

The Greenhouse at Temple University Ambler provides students with a first-class facility to study plant and soil science. The energy-efficient greenhouse includes computerized climate controls and thermal blankets to protect the plants in the winter and shade them in the summer. Modern fertilizer injection systems water and fertilize plants simultaneously. In addition to being used for coursework, the greenhouse provides faculty and students with a facility to conduct horticulture research that is at the forefront of the industry.

**Temple Infant and Child Laboratory**

Kathy Hirsh-Pasek, Ph.D., Co-Director  
Nora Newcombe, Ph.D., Co-Director  
Haines House  
267-468-8610  
infantlab@temple.edu  
http://templeinfantlab.com/

The Temple University Ambler Infant and Child Laboratory invites parents and their children to shape the future by participating in research at the frontiers of science. The lab is directed by nationally-recognized child development authorities and professors Dr. Kathy Hirsh-Pasek and Dr. Nora Newcombe. Faculty and staff provide fun-filled activities for children who become part of cutting-edge scientific discoveries. Parents learn more about their children's first words and ability to create mental maps. At the lab, infants, toddlers, and older children teach scientists new ways to optimize education and advance learning.
