Mathematics and Computer Science BS

Overview

Science and technology are the foundations of our future. The Department of Computer and Information Sciences (CIS) is focused on the understanding of fundamental scientific principles and the application of these principles to solving complex problems, using computing technology.

The **Bachelor of Science in Mathematics and Computer Science** is intended for students who are interested in computer science and mathematical computing. It provides a solid knowledge of theoretical computer science and its mathematical foundations and compares favorably with other theoretically-oriented computer science programs. The program is particularly recommended to those students who are interested in pursuing a graduate degree in computer science or computational mathematics.

Campus Location: Main

Program Code: ST-MACS-BS

Distinction in Major

To graduate with distinction in this major, a student must satisfy the following criteria:

- achieve a minimum 3.50 cumulative GPA
- achieve a minimum 3.50 GPA in the 3000+ Computer Science courses required for the major
- achieve a minimum 3.50 GPA in the 3000+ Mathematics courses required for the major
- successfully complete MATH 3098 and one of the following two-semester analysis sequences
 - MATH 3043 and MATH 3044
 - MATH 3137 and MATH 3138
 - MATH 3141 and MATH 3142

Undergraduate Contact Information

Department of Computer and Information Sciences

Jamie Payton, Chair Science, Education and Research Center, Room 304 215-204-8450

Gene Kwatny, Vice Chair Science, Education and Research Center, Room 304 215-204-8450

Andrew Rosen, Faculty Advisor Science, Education and Research Center, Room 349 215-204-3193 andrew.rosen@temple.edu

Department of Mathematics

Brian Rider, Chair Wachman Hall, Room 638 215-204-7841 mathematics@temple.edu

Maria Lorenz, Vice Chair Wachman Hall, Room 610 215-204-7852 mathadvising@temple.edu

Boris Datskovsky, Director of Undergraduate Studies Wachman Hall, Room 632 215-204-7847 mathadvising@temple.edu

Learn more about the Bachelor of Science in Mathematics and Computer Science.

These requirements are for students who matriculated in academic year 2023-2024. Students who matriculated prior to fall 2023 should refer to the Archives to view the requirements for their Bulletin year.

Bachelor of Science Requirements

Summary of Requirements for the Degree

- 1. University Requirements (123 total s.h.)
 - Students must complete all University requirements including those listed below.

Title

• All undergraduate students must complete at least two writing-intensive courses for a total of at least six credits at Temple as part of their major. The specific writing-intensive course options for this major are:

Code

		Hours
CIS 3296	Software Design	
CIS 4397	Independent Research in Computer Science	
CIS 4398	Projects in Computer Science	
MATH 3096	Introduction to Modern Algebra	
or MATH 3098	Modern Algebra	
MATH 4096	Senior Problem Solving	

Credit

- Students must complete the General Education (GenEd) requirements.
 - See the General Education section of the Undergraduate Bulletin for the GenEd curriculum.
 - Students who complete CST majors receive a waiver for 2 Science & Technology (GS) and 1 Quantitative Literacy (GQ) GenEd courses.
- Students must satisfy general Temple University residency requirements.

2. College Requirements

- A minimum of 90 total credits within the College of Science & Technology (CST), the College of Liberal Arts (CLA), and/or the College of Engineering (ENG).
 - A minimum of 45 of these credits must be upper-level (courses numbered 2000 and above).
- · Complete a one-credit first-year or transfer seminar.
 - SCTC 1001 CST First Year Seminar for every entering first-year CST student.
 - SCTC 2001 CST Transfer Seminar for every entering transfer CST student.
- 3. Major Requirements for Bachelor of Science (72-74 s.h.)

At least 10 courses required for the major must be completed at Temple. At least 5 Math and 4 Computer Science courses must be completed at Temple.

(F) - Fall only course		
(S) - Spring only course		

CIS 3296 is a prerequisite for CIS 4398 and should be taken as a 3000+ Computer & Information Science elective if you plan to take CIS 4398 as the capstone course.

2

Must be approved by Computer & Information Science faculty advisor.

3

MATH 3138 is a prerequisite for MATH 4096 and should be selected as a 3000+ Math elective if you plan to take MATH 4096 as the capstone course.

4

Must be approved by Mathematics faculty advisor. Students may take MATH 2121 to fulfill this requirement.

MATH 3138 is a prerequisite for MATH 4096 and should be selected as a 3000+ Math elective if you plan to take MATH 4096 as the capstone course. Mathematics electives must be 3000 or higher, and they must be approved by the Mathematics faculty advisor. Students may take MATH 2121 to fulfill this requirement.

2

CIS 3296 is a prerequisite for CIS 4398 and should be taken as a 3000+ Computer & Information Science elective if you plan to take CIS 4398 as the capstone course. Computer & Information Science electives must be 3000 or higher, and they must be approved by the Computer & Information Science faculty advisor.
