# Mathematics and Computer Science with Teaching BS 

## Overview

Science and technology are the foundations of our future. The Department of Computer and Information Sciences (CIS) is focused on the understanding of fundamental scientific principles and the application of these principles to solving complex problems, using computing technology.

The Bachelor of Science in Mathematics and Computer Science with Teaching is part of Temple's innovative "TUteach" teacher-training program. The BS in Mathematics and Computer Science with Teaching provides broad training in mathematics and computer science and prepares students for a career in secondary school teaching or an entry level position in a mathematics field or computer science. The education courses in this major include supervised teaching in school district classrooms and emphasize inquiry-based approaches to learning. Students in the BS in Mathematics and Computer Science with Teaching degree program become eligible for a Pennsylvania teacher certification when they complete all the requirements for the degree that include theoretical and practical courses in education specifically designed for science and mathematics majors. In order to be recommended for Pennsylvania teacher certification, students must graduate with:

1. a BS with Teaching degree and
2. meet GPA and testing requirements of the state of Pennsylvania.

Students will be scheduled once each semester to meet with the TUteach advisor to ensure that students have knowledge of academic programming, internships opportunities and testing options that include test preparation. The state of Pennsylvania has specific candidacy requirements. The TUteach advisor will also help the students complete and submit the candidacy documents. All students joining the program in their freshman year must complete the PAPA examination or acquire the PAPA waiver within their first 72 credits. Transfer students, from within Temple and those from other institutions, will build a tailored program with the academic and testing benchmarks structured for efficient degree completion with the TUteach advisor. Students are encouraged to complete the appropriate PRAXIS II examination prior to student teaching. Students are encouraged to take internship courses to expand their teaching portfolio or select elective courses that will extend their knowledge of science and teaching practice.

## Campus Location: Main

Program Code: ST-MCTC-BS

## Distinction in Major

To graduate with distinction in this major, a student must satisfy the following criteria:

- achieve a minimum 3.25 cumulative GPA;
- achieve a minimum 3.50 major GPA;
- achieve a minimum 3.50 in the Mathematics and Computer Science with Teaching content courses required for the major;
- successfully complete MATH 3141, MATH 3142 and MATH 4051 instead of MATH 3137 and MATH 3138;
- successfully complete MATH 3098 instead of MATH 3096;
- achieve a minimum 3.50 GPA in the following courses:
- MATH 3098
- MATH 3141
- MATH 3142
- MATH 4051
- Any additional course from the following:
- MATH 3043
- MATH 3044
- MATH 3101; and
- achieve a minimum 3.90 GPA in the following courses:
- MAES 2189 or SCTC 4385
- MAES 4189 or SCTC 4485
- EDUC 4388
- EDUC 4802.

## Undergraduate Contact Information

Susan Varnum, Program Director and Professor of Chemistry
Senior Associate Dean for Undergraduate Affairs and Science Education

College of Science and Technology
Gladfelter Hall, Room 629
215-204-6390 or 215-204-4073
susan.varnum@temple.edu
Kathleen McKinley, Master Teacher/Faculty Advisor (Mathematics Education) and Instructor of Practice
College of Science and Technology
Gladfelter Hall, Room 631
215-204-9252
kathleen.mc.kinley@temple.edu
Kenneth Ruff, TUteach Faculty Advisor, Academic Programs Director, and Assistant Professor of Practice
College of Science and Technology
Gladfelter Hall, Room 656
215-204-3628
kruff@temple.edu
Brian Rider, Mathematics Department Chair
Wachman Hall, Room 638
215-204-7841
mathematics@temple.edu
Maria Lorenz, Mathematics Department Vice Chair
Wachman Hall, Room 610
215-204-7852
mathadvising@temple.edu
Boris Datskovsky, Mathematics Department Director of Undergraduate Studies
Wachman Hall, Room 632
215-204-7847
mathadvising@temple.edu
Jamie Payton, Computer and Information Sciences Department Chair
Science, Education and Research Center, Room 304
215-204-8450
Gene Kwatny, Computer and Information Sciences Department Vice Chair
Science, Education and Research Center, Room 304
215-204-8450
Andrew Rosen, Faculty Advisor
Science, Education and Research Center, Room 349
215-204-3193

Learn more about the Bachelor of Science in Mathematics and Computer Science with Teaching.
These requirements are for students who matriculated in academic year 2023-2024. Students who matriculated prior to fall 2023 should refer to the Archives to view the requirements for their Bulletin year.

## Bachelor of Science Requirements

## Summary of Requirements for the Degree

1. University Requirements ( 124 total s.h.)

- Students must complete all University requirements including those listed below.
- All undergraduate students must complete at least two writing-intensive courses for a total of at least six credits at Temple as part of their major. The specific writing-intensive course options for this major are:

| Code | Title | Credit <br> Hours |
| :--- | :--- | ---: |
| MATH 3096 | Introduction to Modern Algebra |  |
| MATH 4096 | Senior Problem Solving |  |
| MGSE 3796 | Differentiated Literacy Instruction in the Disciplines (grades 7-12) |  |

[^0]- See the General Education section of the Undergraduate Bulletin for the GenEd curriculum.
- Students who complete TUteach majors receive a waiver for 1 Human Behavior (GB), 2 Science \& Technology (GS) and 1 Quantitative Literacy (GQ) GenEd courses.
- Students must satisfy general Temple University residency requirements.

2. College Requirements

- A minimum of 90 total credits within the College of Science \& Technology (CST), the College of Liberal Arts (CLA), and/or the College of Engineering (ENG).
- A minimum of 45 of these credits must be upper-level (courses numbered 2000 and above).
- Complete a one-credit first-year or transfer seminar.
- SCTC 1001 CST First Year Seminar for every entering first-year CST student.
- SCTC 2001 CST Transfer Seminar for every entering transfer CST student.

3. Major Requirements for Bachelor of Science (97-99 s.h.) ${ }^{1}$

At least 10 courses required for the major must be completed at Temple. At least 6 Math, 2 Computer Science, and 3 Education courses must be completed at Temple. Though not required, students are strongly encouraged to increase training and field work experience by enrolling in SCTC 1385, SCTC 2385, or SCTC 2389. Students will also benefit from directed laboratory projects offered through SCTC 3185. These courses are offered every semester.

| The certification requirements need to meet Pennsylvania Department of Education standards and are subject to change. All students are strongly recommended to check with the TUteach Advisor in the College of Science and Technology to affirm the requirements that pertain to their specific major. In addition, students should check the Undergraduate Bulletin web site for the most current information about these programs, or the TUteach web site. It is also recommended that all students meet with an advisor before enrolling in classes specific to these majors and leading to certification as a teacher. This is to assure that a candidate's intended program of study will be compatible with the new requirements. |  |  |
| All students are required to take a minimum of one credit. |  |  |
