Mathematics and Physics BS

Overview

The **Bachelor of Science in Mathematics and Physics**, a program administered jointly between the Department of Physics and the Department of Mathematics, is an interdisciplinary program providing a foundation in physical sciences with a strong emphasis on the mathematical techniques needed for analysis and modeling. It prepares the student for science or analysis careers which use these mathematical tools along with problem-solving skills, as well as for graduate studies in either mathematics or physics.

Campus Location: Main

Program Code: ST-MAPH-BS
