

Bachelor of Fine Arts in Painting with Entrepreneurship

Painting with Entrepreneurship

Tyler's Painting program provides the skills and concepts essential to artistic growth. The faculty has designed studio and seminar courses that foster the development of pictorial concepts realized in the tangible form of painting and drawing.

The courses offer a range of both genre-based courses and advanced level courses. Upper level courses cover technical, formal, topical, and theory based issues. An extensive range of approaches will be presented in the context of both historical precedent and contemporary practice. The faculty advises each student to participate in a variety of studio experiences to facilitate the integration of technique with personal vision. The program teaches candidates how to develop and nurture a personal artistic vision, how to thoughtfully critique their work and the work of other artists, how to thoroughly research the concepts that inspire them, how to build a supportive network of artistic peers and mentors, and how to make an economically viable place for themselves in the art world after graduation.

Degree Requirements

The Bachelor of Fine Arts degree in Painting with Entrepreneurship may be conferred upon a student by recommendation of the faculty and upon the satisfactory completion of a minimum of 126 semester hours of credit with a minimum cumulative GPA of 2.00. All Painting with Entrepreneurship majors must complete the BFA with Entrepreneurship curriculum (<http://bulletin.temple.edu/undergraduate/tyler-art/bachelor-fine-arts/bfa-entrepreneurship>) and General Education (<http://bulletin.temple.edu/undergraduate/general-education>) requirements.

- Students must earn a C- or better in Painting (PDS 2011 or PDS 2111) and Intermediate or Digital Drawing (PDS 2311, PDS 2321, PDS 2331, PDS 2341 or PDS 3341) to enter the Painting with Entrepreneurship major.
- The required Junior/Senior studio courses and PDS 3596 must be completed with a C- or better to fulfill major requirements.

¹ These 2 courses constitute the waiver for the GenEd Arts category if the courses are completed with a C- or better.

² PDS 2321 can be taken in either fall or spring. PDS 2341 is offered in fall only.

³ Only three 2xxx level courses can be taken in any one subject area in order to count for sophomore studio credit.

- 4 Students completing a 3-credit Art History 2000+ elective must select a 4-credit open elective to reach the minimum 126 credits to earn the BFA degree.
- 5 Students taking a WI course from the list of Tyler entrepreneurship courses may take a non-WI Art History elective.
- 6 PDS 3596 PDS Seminar can be taken either fall or spring semester.
- 7 These courses cannot fulfill both a requirement for the major and a requirement for this category.

Please Note: An approved study abroad program waives the GenEd Global/World Society (GG) requirement; however, these credits must be made up with academic coursework taken outside of Tyler departments to be in compliance with BFA accreditation. BFA majors interested in studying abroad should consult with an academic advisor to determine if a semester (generally spring semester of second year) or a summer program would be the best option to remain on track for graduation.
