

Science, Secondary Education (SCSE)

Courses

SCSE 3147. The Scientific Industry for Teachers. 3 Credit Hours.

This course exposes science teachers to industry and industrial related operations in situ where teachers can see and learn how science and scientific principles that they teach in their classrooms are applied in non-academic settings and how our economy is affected by these industries. Teachers will meet and talk with non-academic scientists, to observe them "at the bench," in action to learn the importance of the use of the laboratory and modern technology in applying the very principles that they, the teachers, teach in their classes.

College Restrictions: Must be enrolled in one of the following Colleges: Education & Human Development.

Student Attribute Restrictions: Must be enrolled in one of the following Student Attributes: Clearance for Education.

Cohort Restrictions: Must be enrolled in one of the following Cohorts: EDCNDCY.

Repeatability: This course may not be repeated for additional credits.

SCSE 8765. Lab Exper Rel Hist Sci. 3 Credit Hours.

Level Registration Restrictions: Must be enrolled in one of the following Levels: Graduate.

Repeatability: This course may not be repeated for additional credits.
