

Anesthesiology (ANES)

Course information contained within the Bulletin is accurate at the time of publication in July 2024 but is subject to change. For the most up-to-date course information, please refer to the Course Catalog.

ANES M294. Intro to Anesthesiology. 0 Credit Hours.

Course Attributes: M5

Repeatability: This course may not be repeated for additional credits.

ANES M310. Career Exploration of Anesthesiology. 0 Credit Hours.

This elective will allow students to gain exposure to the specialty and the types of health conditions experienced by patients seen by providers in this specialty as healthcare team members.

Repeatability: This course may be repeated for additional credit.

ANES M400. Vacation. 0 Credit Hours.

Course Attributes: M2

Repeatability: This course may not be repeated for additional credits.

ANES M410. Anesthesiology. 0 Credit Hours.

This clinical elective teaches students techniques and considerations for anesthetic management in different disease states both in the operating room and in sites around the hospital. Students develop skills related to airway and hemodynamic management. They participate in specialized areas such as cardiac anesthesia, obstetrical anesthesia, neuro-anesthesia, and acute pain management to experience the breath and depth of the specialty.

Course Attributes: M2

Repeatability: This course may not be repeated for additional credits.

Pre-requisites: Minimum grade of P in INTM M301, OBGY M320, PEDI M330, PSYM M340, SURG M350, NEUR M370, and FAMP M360.

ANES M415. Chronic Pain Management. 0 Credit Hours.

In this clinical elective in Anesthesia, students will rotate through the outpatient clinic and interventional procedure unit. They will participate in common and esoteric chronic pain diagnoses. Students will learn to perform a pain-focused history and physical, create a differential diagnosis list, and formulate appropriate treatment plans, including interventional and non-interventional strategies. They will observe and participate in interventional pain procedures.

Repeatability: This course may not be repeated for additional credits.

Pre-requisites: Minimum grade of P in INTM M301, OBGY M320, PEDI M330, PSYM M340, SURG M350, NEUR M370, and FAMP M360.

ANES M425. Advanced Anesthesia. 0 Credit Hours.

This clinical elective is for students who have completed the Anesthesiology elective. Students will be involved with airway management and intra-operative anesthetic management. Students spend time with specialized teams including the critical care team, the acute pain team, sub-specialty operative suites, and obstetrics.

Repeatability: This course may not be repeated for additional credits.

Pre-requisites: Minimum grade of P in ANES M410.
