

Dermatology (DERM)

Course information contained within the Bulletin is accurate at the time of publication in August 2023 but is subject to change. For the most up-to-date course information, please refer to the Course Catalog.

DERM M300. Dermatology Elective. 0 Credit Hours.

This course will enable students to develop a basic understanding of the fund of knowledge and types of medical problems seen in this specialty; to develop a basic understanding of the medical decision making process involved in the practice; and to develop an understanding of and practice of medical interpersonal communication and professionalism.

Repeatability: This course may be repeated for additional credit.

DERM M355. Career Exploration of Dermatology. 0 Credit Hours.

This elective will allow students to gain exposure to the specialty and the types of health conditions experienced by patients seen by providers in this specialty as healthcare team members.

Repeatability: This course may be repeated for additional credit.

DERM M455. Dermatology. 0 Credit Hours.

Course Attributes: M2

DERM M456. Surgical Dermatology, Mohs Micrographic Surgery. 0 Credit Hours.

The FCCC dermatology rotation is a surgical dermatology elective with a focus on Mohs micrographic surgery (MMS) for cutaneous malignancies. After this course, students will be able to understand the indications for MMS and other dermatologic procedures such as standard excisions, nail biopsies, intralesional triamcinolone and other intralesional treatments. They will develop an understanding of how the procedures are performed. Additionally, they will develop an understanding of the post-operative course for these procedures, and how to manage any complications that may arise.

Repeatability: This course may be repeated for additional credit.
