

Obstetrics, Gynecology & Reproduction (OBGY)

Course information contained within the Bulletin is accurate at the time of publication in August 2023 but is subject to change. For the most up-to-date course information, please refer to the Course Catalog.

OBGY M289. Intro to Clin OB/GYN. 0 Credit Hours.

Course Attributes: M5

Repeatability: This course may not be repeated for additional credits.

OBGY M300. Obstetrics/Gynecology Elective. 0 Credit Hours.

This course will enable students to develop a basic understanding of the fund of knowledge and types of medical problems seen in this specialty; to develop a basic understanding of the medical decision making process involved in the practice; and to develop an understanding of and practice of medical interpersonal communication and professionalism.

Repeatability: This course may be repeated for additional credit.

OBGY M307. Career Exploration of Gynecological Oncology. 0 Credit Hours.

This elective will allow students to gain exposure to the specialty and the types of health conditions experienced by patients seen by providers in this specialty as healthcare team members.

Repeatability: This course may be repeated for additional credit.

OBGY M320. Obstetrics/Gynecology. 0 Credit Hours.

Course Attributes: M7

Repeatability: This course may not be repeated for additional credits.

OBGY M325. Career Exploration of Reproductive Endocrinology and Infertility. 0 Credit Hours.

This elective will allow students to gain exposure to the specialty and the types of health conditions experienced by patients seen by providers in this specialty as healthcare team members.

Repeatability: This course may be repeated for additional credit.

OBGY M433. Family Planning and Public Policy. 0 Credit Hours.

This elective will provide medical students with an overview on Family Planning as a subspecialty of Obstetrics and Gynecology, with particular focus on elective pregnancy termination. Students will participate in an online curriculum which will cover the epidemiology, political and cultural barriers, as well as national and international health inequities of abortion. Through online pre-recorded lectures and live zoom sessions, students will develop a firm understanding of how to approach counseling patients with unintended pregnancy, the abortion methods used in the first and second trimesters, and how to manage basic complications. They'll read the landmark studies contrasting outcomes of women having access to and those being denied an abortion in the United States and around the world. The student will write an essay that may be op-ed style, poetry, or a personal narrative highlighting an area of family planning for bioethical discussion. They'll submit their work for publication with support from the Ob/Gyn faculty.

Repeatability: This course may be repeated for additional credit.

OBGY M800. General Obstetrics/Gynecology. 0 Credit Hours.

Course Attributes: M2

OBGY M802. Gynecology. 0 Credit Hours.

Course Attributes: M2

Repeatability: This course may not be repeated for additional credits.

OBGY M803. Obstetrics. 0 Credit Hours.

Course Attributes: M2

Repeatability: This course may not be repeated for additional credits.

OBGY M805. Maternal Fetal Medicine. 0 Credit Hours.

Course Attributes: M2

OBGY M807. Gynecological Oncology. 0 Credit Hours.

Course Attributes: M2

Repeatability: This course may not be repeated for additional credits.

OBGY M815. Repro. Endocrin & Infertility. 0 Credit Hours.

Course Attributes: M2

OBGY M820. Urogynecology and Pelvic Reconstructive Surgery. 0 Credit Hours.

A four-week elective clinical experience in both ambulatory and inpatient setting addressing medical and surgical problems of a urogynecologic nature.
