COLLEGE OF EDUCATION AND HUMAN DEVELOPMENT

Learn more about the Master of Education in Middle Grades Education.

About the Program

The Middle Grades Education graduate program prepares students for middle-level teaching in grades 4 to 8. Middle grades teachers are increasingly sought out and in high demand in Pennsylvania and across the country.

The College of Education and Human Development program in Middle Grades Education is designed to ensure that our students graduate highly knowledgeable about learning and teaching as well as committed to pre-adolescent learners from diverse ethnic, economic and geographic backgrounds. The goal is to produce certified teachers to fill the growing vacancies. Toward that end, our program focuses on building deep content-specific pedagogical knowledge aligned to the breadth of academic standards and the wide-ranging developmental needs of middle grades students.

Our program stands out as cutting edge because we prepare graduate students to teach in both upper elementary and middle grades classrooms. In addition to becoming **certified to teach all elementary subjects in grades 4 to 6**, Middle Grades Education students MUST pursue **single or dual certification for seventh and eighth grades** in one of the following concentrations:

- Language Arts/English
- Mathematics
- Mathematics and Language Arts/English
