

Graduate Certificate: Artificial Intelligence Management

About the Certificate

The Fox School of Business and Management offers the Graduate Certificate in Artificial Intelligence Management (AIM) for working professionals who want to develop the strategic and applied skills needed to lead AI initiatives within their organizations. The 9-credit certificate is built from the same core courses as the MS in AIM program and can typically be completed in two to three semesters. Students begin with AI Fundamentals for Business Leaders and then select two additional courses spanning data management for AI systems, prototyping with generative AI, AI agent design, responsible AI and ethics, and emerging AI technologies. No technical or coding prerequisites are required, and the online delivery format is designed to accommodate full-time work schedules. Credits earned in the certificate can be applied toward the full MS in AIM for students who choose to continue their studies, providing a low-risk entry point into a graduate AI credential.

Campus Location: Online

Full-Time/Part-Time Status: The graduate certificate can be completed on a part-time basis. NOTE: International students may not be eligible to apply for a student visa based on admission to the certificate program. Please contact the Fox School's admissions advisor for more information.

Admission Requirements and Deadlines

Application Deadline:

Fall:

- December 15 – Early Admissions Deadline
- June 30 – Final Deadline

Spring:

- August 1 – Early Admissions Deadline
- November 1 – Final Deadline

Applications are reviewed as they are received and will be considered after the deadline.

APPLY ONLINE to this Fox graduate program.

Bachelor's Degree: The equivalent of a four-year U.S. baccalaureate degree from an accredited university or college is required. For three-year degrees, an evaluation of mark sheets may be required by WES or another NACES organization. Applicants who earned their baccalaureate degree from an institution where the language of instruction was other than English, with the exception of those who subsequently earned a master's degree in a country where the language of instruction is English, must report scores for a standardized test of English.

Statement of Goals: In 250 words or less, describe your goals and motivations for pursuing this certificate program.

Resume: Current resume or CV is required.
