Graduate Certificate: Business Analytics

FOX SCHOOL OF BUSINESS AND MANAGEMENT

Learn more about the graduate certificate in Business Analytics.

About the Certificate

The graduate certificate in Business Analytics, offered by the Department of Statistics, Operations and Data Science in the Fox School, fosters deep analytical skills needed to use analysis of big data to make effective decisions. Students learn to understand descriptive, predictive and prescriptive analytics; recognize when each is appropriate; and understand the fundamental methods and techniques used in each method. They are also prepared to:

• understand applications, assumptions and limitations of business-analytic models and techniques,
• develop expertise in the use and application of analytical tools and software,
• obtain information and insight from datasets of varying complexity, and
• effectively communicate insights and results of analyses in relevant managerial terms.

Full-Time/Part-Time Status: The graduate certificate can be completed on a part-time basis. NOTE: International students may not be eligible to apply for a student visa based on admission to the certificate program. Please contact the Fox School's admissions advisor for more information.
