Regulatory Affairs and Quality Assurance MS

SCHOOL OF PHARMACY

Learn more about the Master of Science in Regulatory Affairs and Quality Assurance.

About the Program

Since its establishment in 1968, Temple's Regulatory Affairs and Quality Assurance (RAQA) program has played a significant role in training pharmaceutical company personnel in regulations and quality principles and practices. Coursework meets the career requirements of professionals in the pharmaceutical and related industries. The program provides students with a broad knowledge of the industry, fostering their professional development and preparing them for supervisory and managerial positions.

Time Limit for Degree Completion: 5 years

Campus Location: Online and Fort Washington

Full-Time/Part-Time Status: The degree program can be completed on a full- or part-time basis. The MS is offered in its entirety on evenings and weekends at Fort Washington.

Interdisciplinary Study: The program fosters interdisciplinary study between the pharmaceutical sciences and technology.

Affiliation(s): Each year the program sponsors a major conference with the pharmaceutical industry and the U.S. Food and Drug Administration (FDA), focusing on current regulatory and quality issues.

Ranking: Temple's RAQA master's degree is widely recognized as the oldest, most comprehensive, and most respected academic program of its type in the world.

Areas of Specialization: This is a non-thesis MS program. Faculty members are specialists in many areas, such as auditing; clinical trial management and operations; global regulation; IND/NDA submissions; manufacturing; pharmaceutical, food and device law; pharmaceutical labeling and advertising; quality assurance; regulatory affairs; and validation.

Job Prospects: Students find positions in all areas of the pharmaceutical industry, including big Pharmaceutical Research and Manufacturers of America (PhRMA) and generic companies, biotechnology, clinical research organizations, and medical devices and packaging. Employment is also found with government agencies, including the FDA, and healthcare providers.

Non-Matriculated Student Policy: Students may complete a maximum of 9 credits before they must formally apply for admission. Before taking any electives, new students are strongly encouraged to take QARA 5459 Drug Development and QARA 5592 Food and Drug Law.

Financing Opportunities: Students in the RAQA MS program are generally working professionals. Therefore, funding for assistantships and academic internships is limited.

Admission Requirements and Deadlines

Application Deadline:

Fall: March 1; December 15 international
Spring: November 1; September 1 international
Summer I: March 1; January 15 international

Applications are processed throughout the year. Late applications may be considered for admission. However, the entire application packet must be received by the Regulatory Affairs and Quality Assurance Graduate Studies Office before it is reviewed by the Admissions Committee. Applicants are responsible for making sure that all materials have been received.

APPLY to this graduate program, submitting the application to QARA2@temple.edu.

Letters of Reference:

Number Required: 2

From Whom: One letter should be obtained from the candidate's direct supervisor, indicating that the supervisor is aware of and supports the candidate's involvement in Temple's RAQA graduate program.

Bachelor's Degree in Discipline/Related Discipline: A BS degree in Biochemistry, Biology, Chemistry, Physics or a health-related discipline is required.
Applicants who earned a degree at a non-U.S. institution must submit an equivalency evaluation of their transcript(s) through a third-party provider, either World Education Services (WES) or Educational Credential Evaluators (ECE).

**Statement of Goals:** Describe your experience in the pharmaceutical or related industries, indicating how the RAQA MS program will help you achieve your career objectives.

**Standardized Test Scores:** Applicants who earned their baccalaureate degree from an institution where the language of instruction was other than English, with the exception of those who subsequently earned a master's degree at a U.S. institution, must report scores for a standardized test of English that meet these minimums:

- TOEFL iBT: 85
- IELTS Academic: 6.5
- PTE Academic: 58

**Resume:** Current resume or CV required.

**Transfer Credit:** Students may transfer a maximum of 6 credits into the MS program. These credits must be similar or identical to courses offered in Temple’s RAQA program. In addition, the student must request the transfer credits at the time of application to the MS program, providing copies of course syllabi. The maximum number of credits a student may transfer is 6.

**Program Requirements**

**General Program Requirements:**
*Number of Credits Required Beyond the Baccalaureate: 36*

**Required Courses:**
