Sport Business MS

SCHOOL OF SPORT, TOURISM AND HOSPITALITY MANAGEMENT

About the Program

The goal of the Master of Science in Sport Business program is to prepare future leaders in the areas of policymaking, management, supervision, education and research. The program provides for the analysis of current trends, problems and policies that affect sport and leisure services. Designed to provide a multifaceted approach to the study of sport business, the program is structured to prepare students for a wide range of career opportunities in athletic administration, marketing and promotions, recreation and event management, and sport analytics.

Students interested in studying at the doctoral level should refer to the PhD program in Business Administration with a concentration in Tourism and Sport offered by Fox School of Business and Management.

Time Limit for Degree Completion: 4 years

Campus Location: Main, with business electives offered at the Center City campus or online

Full-Time/Part-Time Status: The degree program can be completed on a full- or part-time basis.

Study Abroad: Students who wish to do their internships abroad work closely with the Center for Student Professional Development, which assists with the necessary contacts and supervision.

Areas of Specialization: Four areas of concentration are offered:

• Athletics Administration
• Recreation and Event Management
• Sport Analytics
• Sport Marketing and Promotions

Job Prospects: Students typically find placement in campus recreation, college athletics, parks and recreation, professional sports, sport governing bodies, stadium and arena management, and youth sport.

Financing Opportunities: Students are automatically considered for merit scholarships from the School of Sport, Tourism and Hospitality Management (STHM) at the time of admission. Scholarships are awarded on the basis of a student’s academic history and professional experience.

Teaching and Research Assistantships within STHM are reserved for students who are capable of teaching undergraduate classes in specialized academic areas or assisting in faculty research. Graduate Externships are also available in a variety of areas around the university. Only admitted students may be awarded assistantships and externships.

Teaching Assistants (TAs), Research Assistants (RAs), and Graduate Externs (GEs) are expected to provide between 5 and 20 hours per week of service throughout the academic year. A nine-month stipend and partial or full (up to 9 credits) tuition remission for the Fall and Spring terms are offered for TAs and RAs, depending on the number of hours worked. GEs receive a stipend only. Applications for assistantships and externships are not evaluated until a Graduate School application and all appropriate materials have been received. The evaluation of applicants for Teaching and Research Assistantships and Graduate Externships begins by March and continues until all positions have been filled.

Admission Requirements and Deadlines

Capstone Course
Select one from the following:
SRM 5285 Graduate Internship in Sport and Recreation
STHM 9995 Master's Project
STHM 9996 Master's Thesis

Students may take 12 credits in any combination from the concentration courses identified. However, to have a concentration designated on their transcript, students must declare a concentration with the Academic Director and complete each course listed for that declared concentration.

Any SRM course at or above the 5000 level is considered an elective.

Culminating Event: Students select a capstone course to complete the MS in Sport Business. As best fits their individualized program, they choose from SRM 5285 Graduate Internship in Sport and Recreation, STHM 9995 Master's Project and STHM 9996 Master's Thesis:

- SRM 5285 utilizes a field placement with emphasis on acquisition and application of practical skills. The student completes a total of 180 contact hours in cooperation with an agency and under supervision of both the University internship coordinator and the agency-designated supervisor.
- STHM 9995 is an option for students who do not need to undertake an internship. Students currently working in the field who seek a master’s degree to gain a promotion should not be required to find additional work outside their active employment to complete an internship. Instead, such students can complete a project related to their specific field of interest.
- STHM 9996 is also offered as an option for any student who may opt to write a thesis, for example, in anticipation of pursuit of a doctoral degree.
