

Graduate Certificate: Land Use and Transportation Planning

TYLER SCHOOL OF ART AND ARCHITECTURE

Learn more about the graduate certificate in Transportation Planning.

About the Certificate

This program is not accepting applications for the 2026-2027 academic year.

The graduate certificate in Transportation Planning is available to non-matriculated students and students in other Temple University graduate programs, with the approval of their graduate advisor. The courses introduce the broad range of issues and topics relevant to transportation planning and the specific relationships between transportation planning and land use planning. Through elective courses, the certificate also provides the opportunity for students to deepen knowledge and training in specific areas of transportation planning. Undertaking the graduate certificate in Transportation Planning allows students to develop:

- knowledge of the key contemporary transportation and travel behavior challenges facing transportation planners and engineers;
- critical thinking skills to address these challenges and analyze important debates in the field; and
- familiarity with and basic competence in transportation planning methodologies.

This certificate meets the needs of public and private sector employees who work in the field of transportation planning without academic degrees in transportation planning or transportation engineering.

Campus Location: Main and Center City

Full-Time/Part-Time Status: The graduate certificate can be completed on a part-time basis. NOTE: International students may not be eligible to apply for a student visa based on admission to the certificate program. Please contact Tyler School of Art and Architecture's admissions advisor for more information.

Non-Matriculated Student Policy: To register for certificate courses as a non-matriculated student, please visit Tyler School of Art and Architecture's Non-Matriculating Students webpage found at <https://tyler.temple.edu/non-matriculating-students>.

Admission Requirements and Deadlines

Bachelor's Degree in Discipline/Related Discipline: All applicants must present credentials that are the equivalent of the appropriate baccalaureate degree at Temple University.

Certificate Requirements

Number of Credits Required to Complete the Certificate: 12¹

Required Courses:

Code	Title	Credit Hours
Core Course		
CTRP 8656	Integrated Transportation and Land-Use Planning: Context-Sensitive Design Solutions	3
Electives		
Select three of the following: ²		9
CTRP 5115	Comprehensive Land Use Planning	
CTRP 5525	Advanced Techniques in Geographic Information Systems (GIS)	
CTRP 8657	Non-motorized Transportation Planning	
CTRP 5830	Topics in Land Use and Transportation Planning	
Total Credit Hours		12

¹ Students matriculated in the MS in City and Regional Planning program may elect to take the certificate courses as a transcribed concentration within the MS degree. Other graduate students matriculated at Temple University may take certificate classes as electives for their program with the approval of their program advisor.

² For one elective, students may substitute a relevant 3-credit graduate course selected in consultation with a department advisor or chair.
