The Service Immersion Program is designed to actively engage Temple University students in meaningful experiences that foster cultural awareness and social responsibility through service, learning, and reflection. Service Immersion Programs include at least 6 weeks of learning sessions culminating in a 5-7 day immersive experience. The destination of each experience varies as does the social justice issue explored by each group. Program descriptions and application instructions are updated each fall and provided on our web site. Students interested in participating are encouraged to apply in the fall semester for our programs that take place in the spring semester.

Clifton Strengths
Our CliftonStrengths programming encourages students to reach their full potential through helping them identify, understand, and apply their Strengths. CliftonStrengths stems from a growth mindset, encouraging students to develop their strengths rather than focusing on their weaknesses. Gallup's CliftonStrengths Assessment is a 45-minute web-based assessment that measures natural patterns of thinking, feeling and behaving, which indicate an individual's Top Five talents out of a list of 34. This assessment provides the knowledge and vocabulary to describe an individual’s strengths and the areas in which they excel. Our role is to help students further understand their top five strengths and how they can play out in their day-to-day life. Through this exploration, we can be intentional in investing in our strengths and using this knowledge to better ourselves and the world. Our Mission
The Wellness Resource Center offers intentional learning opportunities to promote student well-being and cultivate community.

The Wellness Resource Center team is committed to offering creative and innovative programs that give students an opportunity to learn and grow. Our services include:

- Educational workshops facilitated by HEART Certified Peer Educators.
- Organizing campus events such as WalkTU, Self-Care Fair, LoveTU, and the Clothesline Project.
- Offering free safer sex products (such as condoms and latex dams).
- Teaching a 3-credit Public Health class as training for students to become HEART Certified Peer Educators.
- Providing individual wellness consultations with our professional staff.
- Coordinating with other Temple departments to promote a healthier campus environment.
- Working with Student Conduct and Community Standards to support students assigned to CHOICES, an alcohol education workshop and BASICS, a research-based educational intervention.
- Partnering with University Housing & Residential Life to provide THRIVE: Wellness Living Learning Community.

The Wellness Resource Center also offers students opportunities to get involved as HEART peer educators. Peer education promotes well-being, cultivates community, and elevates student voices to help create change on our campus. Temple students receive influential messages from peer educators who facilitate wellness programs, participate in campus outreach, and support Wellness Resource Center initiatives. HEART Peers are nationally certified after taking SBS 2304, a 3-credit course held at the WRC each semester.

Hours are 8:30 a.m. to 5:00 p.m., Monday - Friday. Please call 215-204-8436 for more information or visit wellness.temple.edu.

Student Identification Cards

OWL Cards (student IDs) are produced on the Main Campus by the Office of New Student and Family Programs during New Student Orientation. At other times throughout the semester, ID cards are produced by the Diamond Dollars Office, located in the Howard Gittis Student Center, Suite 101. The cost of a replacement ID card is $20.00.

An OWL Card is needed for entry into buildings, library privileges, and many university services.

ID cards also are issued on the Ambler Campus, Health Sciences Center, and on scheduled days and times at the Center City Campus.
