

Bachelor of Science in Education in Early Childhood-Elementary Education (PreK-4)

Learn more about the Bachelor of Science in Education in Early Childhood-Elementary Education (PreK-4).

The Early Childhood-Elementary Education (PreK-4) program is designed to prepare teachers to work in programs serving children in pre-kindergarten, kindergarten, primary, and early intermediate grades. The program aims to help students gain an appreciation and understanding of child development and learning, build conceptual and practical expertise about effective instruction, acquire a sound philosophy of education, and develop personally and professionally.

One hallmark of the program is the variety of exciting and diverse field experiences. By working directly with children many times over the course of several semesters prior to student teaching, students in the program gain hands-on experience with children of various ages and backgrounds, gaining insight into the creation of effective learning situations which meet the needs of all learners.

Summary of Requirements

University Requirements

- All new students are required to complete the university's General Education (GenEd) curriculum (except where a waiver is noted).
- All students must take a minimum of two writing-intensive (WI) courses at Temple University. The specific writing-intensive courses required for this major are ECED 3296 and SPED 4198.

College Requirements

- Students must be accepted into the certification program prior to taking methods courses; for further details, see "Candidacy" under College Requirements.
- Additional University and College requirements are located on the College of Education and Human Development's Academic Policies and Regulations page in this *Bulletin*.
