

Corporate Finance Concentration

The Corporate Finance concentration is intended for majors who seek careers in financial analysis or project management, banking, asset management, corporate treasury, consulting, or public finance. The set of required electives provides course experiences desired by employers such as financial modeling, financial statement analysis, advanced valuation, and credit analysis.

We recommend students in the Corporate Finance concentration pursue an Accounting minor or take the intermediate accounting sequence. Students in this concentration will be eligible to join the emerging CFO Fellows that requires an application and minimum GPA. While similar to a student professional organization, the Fellows program is competitive and will provide more individualized connection to internship opportunities and employers.

Summary of Requirements

University Requirements

All new students are required to complete the university's General Education (GenEd (<http://bulletin.temple.edu/undergraduate/general-education>)) curriculum.

Note that students not continuously enrolled who have not been approved for a Leave of Absence or study elsewhere must follow University requirements current at the time of re-enrollment.

College Requirements

Students must meet College Graduation Requirements (<http://bulletin.temple.edu/undergraduate/fox-business-management/#requirementstext>) for the Bachelor of Business Administration, including the requirements of the major listed below. Students must attain an overall GPA of 2.0 and a 2.0 GPA in the major to graduate as a Finance major. To calculate the GPA in the major, use the major GPA calculator (<http://www.fox.temple.edu/advising/students/gpa-calculator>).

Major Requirements

Students must follow the Major Requirements and College Requirements current at the time of declaration. Students not continuously enrolled who have not been approved for a Leave of Absence or study elsewhere must follow University, College, and Major requirements current at the time of re-enrollment.

Requirements of Corporate Finance Concentration
