

Minor in Biomedical Anthropology

Students considering medical school or study in other health professions might find the minor in Biomedical Anthropology of particular interest given the recent shifts in the Medical College Admission Test (MCAT) to evaluate the social and cultural competence of applicants. All students receive a foundation in Biological Anthropology and select electives according to their interests and professional goals.

Requirements

Code	Title	Credit Hours
ANTH 2705	Fundamentals of Biological Anthropology	4
Select five of the following:		15
