## Arabic Certificate

## Overview

A Certificate in Arabic, offered by the Department of Asian and Middle Eastern Languages and Studies, focuses on acquiring language skills and developing a strong foundation for the effective use of Arabic socially and professionally. This program should be of particular interest to students considering careers in international business, government service, or other professions where foreign language proficiency is important. This program has two tracks: one for students who enter Temple University with little or no previous background in Arabic; and one for students who enter Temple University with a previous background in Arabic.

Certificates are awarded only at the time of completion of the bachelor's degree and cannot be awarded either as a stand-alone program of study or after completion of the first bachelor's degree.
