

Minor in Environmental Studies

The minor in Environmental Studies is 6 courses (minimum of 18 credits). Students are required to take one of the Gateway courses, either ENST 2001 or ENST 2002. Students also take 5 elective courses: one at any level and four at the upper level (2000+), which they can use to focus on their own particular interests.

Requirements

Code	Title	Credit Hours
Select one Gateway Course:		3-4
ENST 2001	Environment and Society	
ENST 2002	Physical Geography	
Electives - 5 Courses: ¹		15
Select one Environmental Studies course - any level		
Select four upper level Environmental Studies courses		
Total Credit Hours		18-19

¹ No electives may double-count between the Environmental Studies minor and either the Geography & Urban Studies major or minor.
