

Global Studies Minor

Overview

Students interested in enhancing their degree program with a firm grounding in the understanding of globalization and its impact on national and international security, the globalized economy, and global cultures may opt to declare a **Minor in Global Studies**, which is administered by the Global Studies Program. The minor includes the primary features of the major coursework, without the requirements for foreign language and regional enrichment.

Minors are awarded only at the time of completion of the bachelor's degree and cannot be awarded either as a stand-alone program of study or after completion of the first bachelor's degree.
