

International Communication Concentration

The International Communication Concentration (ICC) provides a theoretical and practical education in international and intercultural communication and media. This program allows students to develop sought-after competencies in cultural sensitivity and intercultural communication skills by encouraging students to reflect on their own cultural lenses. Students participating in the ICC program will be exposed to multiple international perspectives through internationally- and interculturally-oriented courses offered on Temple's domestic campuses and may be supplemented with study abroad coursework.

This program is restricted to Klein students only.
