

# Chemistry, B.S./M.S.

---

The five-year Bachelor of Science and Master of Science in Chemistry is a combined program within the College of Science and Technology. Chemistry majors at the beginning of their junior year may apply for admission to the fifth-year M.S. Program. Upon admission to the program and satisfactory completion of the program requirements, the student is assured of having a master's degree at the end of the fifth year. Interested students should contact their advisor for details. For more information, see the following program pages: Chemistry B.S. (<http://bulletin.temple.edu/undergraduate/science-technology/chemistry/chemistry-bs>) and Chemistry M.S. (<http://bulletin.temple.edu/graduate/scd/cst/chemistry-ms>)
