

Physics, B.A./M.S.

The +1 Bachelor of Arts in Physics and Master of Science in Physics is an accelerated program within the College of Science and Technology. This program allows a talented student to obtain a master's degree in one additional year after completion of a bachelor's degree. A physics major may apply for the program during the junior or senior year. Please consult the advisor for details. For more information, see the following program pages: Physics B.A. and Physics M.S.

Undergraduate Contact Information:

Dr. Bernd Surrow, Chair
Science Education and Research Center, Room 406
215-204-7736

Dr. Adrienn Ruzsinszky, Vice Chair
Science Education and Research Center, Room 708
215-204-8479

Dr. Zbigniew Dziembowski, Faculty Advisor
Science Education and Research Center, Room 412
215-204-7639
zbig.dziembowski@temple.edu

Graduate Contact Information:

Andreas Metz, Graduate Chair
Science Education and Research Center, Room 424
215-204-7668
