

# Physics BS/MS

---

## Overview

The +1 Bachelor of Science in Physics and Master of Science in Physics program is an accelerated program within the College of Science and Technology. This program allows a talented student to obtain a master's degree in one additional year after completion of a bachelor's degree. A physics major may apply for the program during the junior or senior year. Please consult the advisor for details. For more information, see the following program pages: Physics BS and Physics MS.

## Undergraduate Contact Information

Peter Riseborough, Chair  
Science, Education and Research Center, Room 444  
215-204-5655

Zbigniew Dziembowski, Faculty Advisor  
Science, Education and Research Center, Room 412  
215-204-7639  
zbig.dziembowski@temple.edu

## Graduate Contact Information

Andreas Metz, Graduate Chair  
Science, Education and Research Center, Room 424  
215-204-7668
