The Bachelor of Fine Arts (BFA) in Photography at the Tyler School of Art and Architecture offers students access to state-of-the-art facilities and prepares them to find their voices as artists, photojournalists and image-makers in traditional and emerging technologies.

Tyler Photography provides access to a wide range of faculty expertise, generously equipped photography studios and an interdisciplinary spirit, making it possible for all types of undergraduates to develop their skills as problem solvers and find pathways to meaningful expression and success. Whether students are interested in deep exploration of cutting-edge digital techniques, historic darkroom processes or incorporating methods from other artistic disciplines, Tyler's faculty offer personal guidance.

Tyler BFA students can take advantage of the school's location at a large research university in Philadelphia, a vibrant art center with a pioneering photography tradition, to find internships and jobs, explore museums and galleries, launch creative practices, start businesses and earn placements in competitive graduate programs.

Designed to complement the studio experience with tools to support a studio practice or pursue graduate studies, the Entrepreneurship coursework enhances students' career options. Graduates of this degree program will possess requisite business skills to support themselves as visual artists or entrepreneurs in art and related fields.

## Degree Requirements

The Bachelor of Fine Arts degree in Photography with Entrepreneurial Studies may be conferred upon a student by recommendation of the faculty and upon the satisfactory completion of a minimum of 126 semester hours of credit with a minimum cumulative GPA of 2.00. All Photography with Entrepreneurial Studies majors must complete the General Education requirements.

- Students must earn a C- or better in ART 2601 or ART 2603, and ART 2602 to enter the Photography with Entrepreneurial Studies major.
- The required Junior/Senior Photography courses must be completed with a C- or better to fulfill major requirements.

The faculty encourages taking Photography courses in excess of the minimum required. These additional courses count towards required studio credits.

<sup>1</sup> These 2 courses constitute the waiver for the GenEd Arts category if the courses are completed with a C- or better.

<sup>2</sup> Students selecting a WI course from the list of Tyler entrepreneurship courses may elect to take a non-WI Art History course.

<sup>3</sup> Students completing a 3-credit Art History 2000+ elective must select a 4-credit open elective to reach the minimum 126 credits to earn the BFA degree.

<sup>4</sup> Choose from: ART 3085, ART 3602, ART 3606, ART 3607, ART 3610.

<sup>5</sup> These courses cannot fulfill both a requirement for the major and a requirement for this category.

**Please Note:** An approved study abroad program waives the GenEd Global/World Society (GG) requirement; however, these credits must be made up with academic coursework taken outside of Tyler departments to be in compliance with BFA accreditation. BFA majors interested in studying abroad should consult with an academic advisor to determine if a semester (generally spring semester of second year) or a summer program would be the best option to remain on track for graduation.
