

Landscape Plants Certificate

Overview

The **Certificate in Landscape Plants**, offered by the Department of Architecture and Environmental Design (AED), provides a brief introduction to the areas of horticulture and an intensive learning experience in both woody and herbaceous landscape plants. Learning the names and usage of plants provides a deeper understanding for anyone interested in gardening and landscaping. For the professional, it provides the essential knowledge of plants needed to design high-quality landscapes for clients. For the hobbyist, it provides information that enriches the gardening experience.

This certificate is available to all undergraduate degree students and non-degree-seeking students. Consult an academic advisor about how the required courses fit into academic and career plans.

The majority of courses are offered on the Ambler Campus.

Campus Location: Ambler

Program Code: TA-LAPL-CERT
