

Native Perennial Garden Design Certificate

Overview

The **Certificate in Native Perennial Garden Design**, offered by the Department of Architecture and Environmental Design (AED), provides information that enriches the residential planting design experience. Certificate courses provide learning experiences with fundamentals of horticulture, herbaceous plants, and planting design. The skills necessary for a well designed and maintained residential perennial garden will be gained from learning plant identification, cultural conditions, and appropriate use of plants and planting design.

This certificate is available to all undergraduate degree students and non-degree-seeking students. Consult an academic advisor about how the required courses fit into academic and career plans. The majority of courses are offered on the Ambler Campus.

Campus Location: Ambler

Program Code: TA-NPG-CERT
