

Painting with Entrepreneurial Studies BFA

Overview

The **Bachelor of Fine Arts in Painting with Entrepreneurial Studies**, offered by the Department of Art, is recognized as one of the nation's top programs in the discipline, offering students access to world-class facilities and teaching.

Tyler Painting majors are pushed to grow as artists and critical thinkers by a diverse faculty—all of whom are practicing artists themselves—with a broad range of expertise and a commitment to being engaged, passionate mentors. Students learn technique, theory and perhaps the most powerful tool of all: how to teach themselves to be self-critical.

Tyler BFA students take full advantage of the school's location in Philadelphia, a vibrant art center, to explore museums and galleries, find internships, earn placements in competitive graduate programs and launch creative practices. When they graduate, they join an alumni community that includes some of the most influential artists, thought leaders and teachers of their time.

Designed to complement the studio experience with tools to support a studio practice or pursue graduate studies, the Entrepreneurship coursework enhances students' career options. Graduates of this degree program will possess requisite business skills to support themselves as visual artists or entrepreneurs in art and related fields.

Each student moves from a common foundation curriculum that introduces materials and processes and prepares them for success in a range of fields of study. Those who select Art as their major will work side-by-side with majors in Visual Studies, Art Education and Art Therapy. The dynamic exchange of ideas that result from these interdisciplinary conversations spur intellectual risk and drive research-based creative concepts.

Upon graduation, students have the practical skill sets and honed aesthetic for successful careers in studio art, art education and design, as well as attend top-tier graduate programs.

ART 2502 can be taken in either fall or spring. ART 2508 is offered in fall only.

3

Only three 2xxx level courses can be taken in any one subject area in order to count for sophomore studio credit.

Students taking a WI course from the list of Tyler entrepreneurship courses may take a non-WI Art History elective.

6

ART 3896 PDS Seminar can be taken either fall or spring semester.

7

These courses cannot fulfill both a requirement for the major and a requirement for this category.

Please Note: An approved study abroad program waives the GenEd Global/World Society (GG) requirement; however, these credits must be made up with academic coursework taken outside of Tyler departments to be in compliance with BFA accreditation. BFA majors interested in studying abroad should consult with an academic advisor to determine if a semester (generally spring semester of second year) or a summer program would be the best option to remain on track for graduation.
